What is the voltage of a 21700 cell?

A 21700 battery, or a "21700 cell", has a voltage of 3.7v. It is a high capacity lithium ion rechargeable battery with between 3000 mAh and 5100 mAh (mili-amp-hours).

Why is 21700 lithium battery a good choice?

It is good to see 21700 lithium cells gives the ability to compete and provide the replacement option to the corded tools in all-around areas by providing longer run time. Its safety property along with its high output current and energy capacity makes this battery popular among tech industries.

Where can I purchase a 21700 rechargeable battery?

You can buy reliable 21700 rechargeable batteries from reputable sources such as Amazon, Battery Junction, or directly from manufacturers like Nitecore. Some good brands include Orbtronic, Samsung, LG, Panasonic, and Nitecore.

Why should you buy only one 21700 battery initially?

When buying 21700 batteries - buy ONE before you buy multiple in case the size is not 100% correct. Some cheaper manufacturers don't entirely follow the 21mm x 700mm specification. Even reputable manufacturers batteries may be consistently larger or smaller.

What is the nominal voltage of a 21700 battery?

The nominal voltage of a standard 21700 battery is 3.7 volts. While 2170s may have a voltage range between 2.5 volts and 4.2 volts, or a charging voltage of 4.2 volts, the nominal voltage remains 3.7 volts, similar to 18650 batteries.

Samsung 30T High 35A Continuous Discharge Rate. The Samsung 30T is a 21700 battery that can be recharged at least 250 times for longterm value! While its 3,000mAh capacity may be on the lower end, its incredibly high 35A max continuous discharge rate is what really sets it apart from other 21700 batteries.

I've followed all the prescriptions of the IEC61960-2003 standard concerning battery's capacity measurement. Before each discharging cycle each battery was charged at standard charge current mentioned in its datasheet to charge end voltage. Before each discharging or charging i've held a 1-1.5hrs pause. The environment temperature was 25±177;2±#176;C.
