

60V20A battery inverter with 300w

What is a 60V 300 watt power inverter?

This 60V 300-watt power inverter simply converts that battery energy into power you can use for charging your electronics or powering small tools like LED work lights and more. It operates simply. You just take your battery and slide it in--just like you do on your Greenworks 60V chainsaw or other cordless power tools.

What is a 60V power inverter?

It makes a lot of sense as an add-on if you're already using 60V tools from Greenworks Pro to take care of your yard work. This 60V 300-watt power inverter simply converts that battery energy into power you can use for charging your electronics or powering small tools like LED work lights and more.

What is a GreenWorks 60V power inverter?

With a single 120V outlet and dual USB ports, you get a lot of charging and power options. While a tad pricey, it works as a very handy peripheral device to go along with your Greenworks 60V yard tools. The Greenworks 60V 300W power inverter (model 2950102T) is a battery inverter that works with any of the company's 60V batteries.

Can a GreenWorks 60V 300W inverter run a laptop?

The Greenworks 60V 300W inverter can handle LED lights or a small fan. Of course, you can always use it to power and recharge your laptop. Even a 50W laptop will run for over two hours. That standard 120V outlet also seems like a great application for tailgating. You could easily run a small LCD TV off of this thing.

Does GreenWorks work with a 60v battery?

The 60V Pro 300 Watt Inverter works with all GREENWORKS 60V lithium-ion batteries. It's easy to use; just pop in a 60V battery and it's ready to go.
