What are the benefits of solar PV power in Iraq?

With abundant sunlight, solar PV power offers a safe, reliable, and sustainable energy supply. Let's maximize the benefits of the sun for all in Iraq! Experts for training of PV engineers, PV sales engineers & PV technicians Equipped with the latest technology and hardware Innovative approaches to tackle energy management

Who is sofarsolar & why should you buy a solar inverter?

SOFARSOLAR is one of the world's leading energy storage solution providers. With strong expertise in both PV and energy storage, they launched their first energy storage inverter in 2016. You should consider buying a solar inverter from SOFARSOLAR because their shipments of residential hybrid inverters exceeded 66,000 units in 2021--an increase of more than 450% from 2020.

How can a training centre help the Iraqi solar energy sector?

Training centres, equipped with solar PV components and working systems, for practical, hands-on training, have been established in three different locations for empowering the Iraqi solar energy sector: Learn about energy management, energy audits and the potential to reduce consumption and costs in homes, offices, and industry.

Is sofarsolar the best energy storage system?

SOFARSOLAR is a company that has continuously strengthened its R&D capabilities. They introduced the industry's first three-phase 20 kW hybrid inverter in 2020, which is currently the most powerful energy storage system in the residential sector.

Grid edge The interface where prosumers and consumers meet the intelligent grid. Technologies at the grid edge enable new opportunities for our energy systems. Digitalization, decentralization and decarbonization - as three key drivers for energy transition - allow the energy production, storage and consumption to be more sustainable, efficient and beneficial ...
