Will Brunei adopt electric vehicles in Southeast Asia?

The race to adopt electric vehicles in Southeast Asia is heating up, and Brunei is the latest to throw its hat in the ring. The oil-rich Borneo nation is launching its EV pilot project in just three days on March 25, according to a report by The Star.

When will EV pilot project start in Brunei Darussalam?

Report it to us. BANDAR SERI BEGAWAN (Borneo Bulletin/ANN): Brunei Darussalam is set to implement the electric vehicle (EV) pilot project that will start at first half of 2021 for the next two years.

Will Brunei be able to sell electric cars by 2035?

Brunei is targeting 60% of total vehicle sales to be made up of electric models by 2035, said permanent secretary of energy Haji Azhar bin Haji Yahya. If achieved, it would cut out around 0.3 million tonnes of carbon dioxide emissions, equivalent to planting 4.6 million trees.

Is Brunei planning a charging station in Belait & Temburong?

Elsewhere, the country's Borneo Bulletin has reported that Brunei has prioritised the Belait and Temburong districts for the installation of charging stations, as part of another pilot project under the ministry of development's Green Protocol under BCCS.

Goldunited Sdn Bhd is the leading independent online e-commerce store, home improvement and home inspiration website.
