We are a reliable China bulk wholesale supplier that helps businesses communicate a meaningful message alongside the company logo. Unlike other China wholesale websites, we give tons of options for easy product customization, colors & designs. Businesses prefer customized imprints for their products, while they buy in bulk from China.

The global outdoor power equipment market size in terms of revenue was estimated to be worth \$31.0 billion in 2024 and is poised to reach \$36.5 billion by 2029, growing at a CAGR of 3.3% during the forecast period.

As of the first half of 2023, the world added 27.3 GWh of installed energy storage capacity on the utility-scale power generation side plus the C& I sector and 7.3 GWh in the residential sector, totaling 34.6 GW, equaling 80% of the 44 GWh addition last year. Despite a global installation boom, regional markets develop at varying paces.

The move further expands its presence in Europe as the continent ramps up production to achieve battery independence and embrace the EV boom. Zhang said the first phase of development in Europe will unlock future large-scale investment to grow the local supply chain and develop the whole life cycle opportunities of batteries.
