You can also call Solarfix today on 0497 524 407, and our friendly team can assist you with the cost of a solar inverter replacement. Do Solar Inverters need servicing? Yes, they do.

How much does an inverter cost?

Let's break it down a bit: Small systems (0.1-3 kW): These might use a single inverter in the 1,000 to 3,000-watt range. These smaller inverters are typically on the lower end of the price spectrum, often between \$300 and \$1,000. Medium systems (4-8 kW): For these systems, you might need an inverter in the 4,000 to 8,000-watt range.

Does warranty affect solar inverter replacement costs?

If your existing inverter is still under warranty, the replacement cost might be covered entirely or significantly reduced by the manufacturer. Most solar inverters come with a warranty period of 5 to 12 years, with some premium brands offering up to 25 years of coverage. Here's how warranty can impact your replacement costs:
