

Inverter for Ho Chi Minh PV Plant in Vietnam

What is the largest sports complex in Ho Chi Minh city?

Equipped with state-of-the-art facilities for sporting activities such as gym, yoga, swimming, tennis, soccer and basketball & is the largest sports complex in the west of Ho Chi Minh City, Vietnam. This project comprises 1,677 solar panels across a total surface area of 4,800 square meters.

Will Vietnam face a power shortage in 2021?

Vietnam is one of the hottest renewable energy markets in the world, particularly increased in line with its overall economic growth. It's reported that the country will face severe power shortages from 2021 onwards when electricity demand will outpace the construction of new generation capacity.

Why should you choose Sungrow Vietnam for 2021?

Our local presence in the Vietnam market for more than three years helps us resonate with our customers and their unique needs. Our target for 2021 is to grow our market share in the utility-scale and get a stronger foothold in the rooftop segment," said Dr. Thang Vu, Country Manager of Sungrow Vietnam.

HO CHI MINH CITY, Vietnam, June 10, 2020 /PRNewswire/ -- Sungrow, the global leading inverter solution supplier for renewables, announced that a 100 MW distribution ...
