

Lightweight mobile outdoor power supply

What is the best portable power supply for camping?

The EcoFlow River is the best portable power supply for camping. It's rugged, efficient, and smarter than bulky, fuel-powered generators. With a built-in handle and the ability to be charged via car port, wall outlet, or solar power, the River is easy to transport and perfect for outdoor use.

Are portable power stations suitable for camping?

Almost all compact portable power stations will be suitable for camping, but I rather like the Bluetti Handsfree 2 for this role - mostly because many of them are big, boxy, unwieldy units that take up a fair amount of space.

What are the best portable power stations?

To help you decide, I tested the efficiency, in a variety of scenarios, of the best portable power stations from Jackery, Oupes, EcoFlow, Anker, Goal Zero, Greccell, Bluetti, Dakota Lithium, Lion Energy, Vtoman, and Ugreen. [What to Know Before Purchasing a Portable Power Station](#)

What is a portable power station?

A portable power station is like a big, rechargeable battery that you can take anywhere. It's handy for camping, outdoor events, or as a backup power source at home. You can plug in various devices like phones, laptops, and even small appliances to keep them running when there's no traditional power source available.

What devices can a portable power station run?

So long as your portable power station has the right ports and enough capacity, it can run a massive range of devices, including phones, laptops, and desktops. Higher capacity units will also let you power appliances and charge electric vehicles. Check which ports your preferred model has, including USB Type-A and Type-C, AC and mains sockets.

How do I choose a portable power station?

When selecting a portable power station, it's essential to identify your primary needs and priorities for owning one. Most portable power stations have main common features (such as a battery and ports to pull power from that battery).
