

Does Portugal need self-consumption electricity production?

The development of self-consumption electricity production is key to meeting Portugal's production goals as it faces the infrastructural deficit that is the lack of reception capacity in the public network since only the energy produced and not consumed is injected into the network.

What is the opportunity of self-consumption in Portugal?

He will talk about "The opportunity of self-consumption" in Portugal. If you want to participate, book your ticket here. The event will take place at the Altis Grand Hotel, in Lisbon. In Portugal, electricity self-consumption is ruled by Decree-Law 15/2022. Self-consumption promotes electricity decentralized production from renewable sources.

How much energy does the Pessegueiro solar power plant produce?

This solar PV plant, delivered by Smartenergy to EKZ, was connected to the grid in December 2022. With an annual output capacity of 126,367 MWh, the energy produced by the Pessegueiro power plant is sufficient to supply electricity to 26,191 homes according to the country's average domestic consumption statistics.

Why should you invest in a solar plant in Portugal?

At the same time, this state-of-the-art PV plant will prevent the annual emissions of 34,749 tons of CO₂ into the atmosphere. This is one of the largest solar installations built in Portugal that will support the bold decarbonization goals of the country.

How much solar power does Portugal have in 2021?

Solar PV capacity has grown actively in Portugal in the last decade. The country has now a PV capacity of almost 1.8 GW, and it is expected to reach 9 GW by 2030. Recent statistics from DGEG show that 2021 set a record of 1777 MW of photovoltaic power regarding the installation of new solar photovoltaic capacity in Portugal.

What are the benefits of a power supply system?

with a product in service to a minimum. Ultra-fast fault clearing: Reducing the number and duration of power outages minimizes interrupt ST-EFFICIENCY Make the most of your budget With a cost-efficient approach, custome
