

Photovoltaic inverter with ten-year warranty

Do solar inverters come with a warranty?

Most solar inverters come with either a full 10-year warranty or a 5-year full warranty plus a 5-year parts warranty. Fronius, Sungrow and SMA have ranked on top of the list for many years due to their low failure rates and great service, as they usually ship replacement units in 3-5 business days.

How long do inverter warranties last?

Inverter warranties vary by manufacturer and inverter type. String inverters typically come with 10-12 years of warranty coverage, whereas microinverters and power optimizers are often covered for 25 years.

Does PV powered offer a warranty on a string inverter?

PV Powered's string inverters are backed by the industry's first nation-wide ten year warranty and equipment replacement program. Optional performance monitoring is available which includes low cost, secure web-based access to inverter status and performance history.

How long does a solar inverter last?

While the warranty terms for inverters themselves vary, warranties for communications equipment (which allow the inverter to connect to other devices like solar panels and battery systems) are typically capped at 5 years for both string inverters and microinverters.

Are labor and shipping costs included in solar inverter warranties?

Labor and shipping expenses are generally not included in solar inverter warranties, but some of the strongest brands will cover one or both of these costs. Based on our ranking system, Hoymiles, SolarEdge, Tigo, SMA, and Enphase have the strongest warranties.

Does a warranty cover a replacement inverter?

The top inverter manufacturers, such as Enphase, SolarEdge, and SMA, cover shipping costs for replacement equipment as part of their warranty agreement, so long as the "claim is justified," meaning they've confirmed it's a reasonable claim, and you followed the proper return merchandise authorization (RMA) process.

The parties agree that the Inverter has cumulative Ten years" warranty period. If during the war-ranty period, is found defective, the warranty shall be applicable as: a. Standard five years" warranty for all parts including labour charges; b. Additional five years" warranty on all major components excluding labour charges and LCD . 3 ...
