

Two-way fast charging outdoor power supply

How much power does a USB charger have?

Compact with Massive Power: It's portable power that moves as freely as you. Give your devices 300W (600W Surge) and 288Wh. Fast charge with 140W two-way USB-C ports. 7 Device Charging Ports: Power all your tech with versatile ports, including 2× AC (300W), 1× car socket (120W), 2× USB-C (140W), 1× USB-C (15W), and 1× USB-A (12W).

Does a solar power station need a wall charger?

Solar Generator Capability: Although I purchased the power station without a wall charger, it works well with compatible solar panels (sold separately), making it perfect for off-grid power solutions. Just set it up in the sun, and it charges smoothly. Compact and Portable: Considering the capacity, it's surprisingly compact and easy to transport.

Why should you buy a 300w power supply?

It's reassuring to know it's built for long-term reliability. 300W Output for Various Devices: The 300W output is versatile enough to power small appliances and charge multiple devices simultaneously. It's great for laptops, phones, lights, and other essential gear while traveling or in emergencies.
