

Uninterruptible power supply for Paramaribo Power

Can you supply a Marine UPS (uninterruptible power supply)?

We can supply a marine UPS (Uninterruptible Power Supply) to suit your requirement. Please contact us for more information. Over the last seven years, UPS Systems plc have worked closely with Marine Electrical Installations Ltd (MEI) who offer mechanical and electrical engineering services for a range of marine applications.

What is an uninterruptible power supply (UPS)?

An uninterruptible power supply (UPS) helps prevent sudden shutdowns, data loss, and hardware damage by providing backup power when your main electricity fails. For home users, a UPS can protect desktop PCs, gaming consoles, and smart home devices from unexpected power cuts.

What types of uninterruptible power supplies do you offer?

We offer a wide range of uninterruptible power supplies including marine versions from a range of manufacturers including from Riello UPS and Eaton UPS as well as the UPS battery packs designed to go with them. The Safety of Life at Sea (SOLAS) requirement for certain vessel types to have an ECDIS came into force in 2012.

Do you need an uninterruptible power supply?

To protect your likely expensive investment, an uninterruptible power supply is integral. This applies especially to areas that suffer from frequent power outages, particularly rural areas, extreme climates, or places with bad power grids. In order to buy the right UPS, however, you'll need to make sure that some basic requirements are met.

Where can I find uninterrupted power solutions in the Philippines?

Explore uninterrupted power solutions at Techcore Philippines Inc., featuring top-tier brands like Eaton, AWP, APC, iLogic, and Precision. Safeguard your critical systems and sensitive equipment with our diverse range of UPS options.
